UEFA Super Cup

+

FIFA Club World Cup

In the 2018-2019 season, Jürgen Klopp's Liverpool team won the **UEFA Champions League** and also came close to winning the Premier League, finishing with a record breaking runner-up total of 97 points (losing only 1 game), just 1 point short of champions Manchester City. To win the UEFA Champions League, Liverpool beat **Bayern Munich, Porto, FC Barcelona**, and **Tottenham** with high intensity, attacking and exciting football.

In the 2019-2020 season, Jürgen Klopp's Liverpool team won the **UEFA Super Cup**, the **FIFA World Club Cup**, and the **Premier League** title with 7 games still to be played and another incredible points total of 99. Across these 2 Premier League seasons (2018/2019 & 2019/2020), Klopp's Liverpool had a record of 62 wins, 10 draws and only 4 losses (of which 2 losses were after they were already crowned Premier League Champions in 2020).

Jürgen Klopp's Liverpool have also achieved the following league records:

- Joint-record for **most Premier League wins in a season (32)** - 2019/2020.
- February 2019 to July 2020, Liverpool **won 24 consecutive Premier League home matches**.
- Joint-record for **most Premier League home wins in a season (18)** - 2019/2020.
- Joint-record for **fewest Premier League home defeats in a season (0)** - 2018/2019 and 2019/2020.
- October 2019 to February 2020, Liverpool **won 18 consecutive league matches**, a joint-record in English top-flight history.
- Liverpool remained **undefeated in 68 consecutive league games at home** (April 2017 - January 2021) - the third longest run in English top-flight history.

to win the ball is
immediately after your
team just lost it.”**

2. Combination Play on One Side of the Pitch and Switch of Play Over the Top (in Behind) + Counter-pressing

Practice Description

This is a variation of the previous practice with a different pattern of play displayed:

- 1-2. The left centre back (**LCB**) passes to the defensive midfielder (**DM**), who plays a firm diagonal pass to the left winger (**LW**), who has dropped back to receive this time.
- 3-4. The **LW** passes to the left central midfielder (**LCM**), who passes wide to the left back (**LB**).

- 5-6. The **LB** passes to the **LCM**, who drops back to receive, opens up, and hits a long aerial pass to switch the play to the right winger (**RW**).

- 7-8. The **RW** plays a chipped pass into the box for the centre forward (**CF**) to score.

Counter-press (9-10). After the attack is complete, the Coach calls out "**Counter-press**" and all 10 players make counter-pressing movements in relation to the position of the new ball.

5. Pass and Move in Centre + Fast Attacks with 2nd/3rd Balls

Balls 1-2 (Possession + Fast Attack 1)

Practice Description

1-7. The practice starts from the Coach and the red players move the ball around within the central area shown. They make typical movements within their positional roles to pass and receive.

2nd Ball (8). The Coach blows his whistle and the 1st ball is abandoned. The 2nd ball is collected for a fast attack.

Fast Attack (9-12). The aim is to quickly attack and score using a **maximum of 3 passes** to do so.

The diagram example was observed during Liverpool's training session. The left winger (**LW**) plays a diagonal through pass to the right winger (**RW**), who cuts the ball back for the centre forward (**CF**) to score.

Source: Jürgen Klopp's Liverpool training session at AXA Training Centre, Liverpool - 18th July 2022

3rd Ball (Fast Attack 2)

Practice Description

This is a continuation of the practice from the previous page and diagram (1st and 2nd Ball). After a set number of repetitions, the reds and yellows switch places.

3rd Ball (13). After the 2nd ball attack is finished, the players run back into position. The Coach then starts a 3rd ball attack. In this example, he gives the ball to the red right winger (**RW**).

Fast Attack (14-17). The aim again is to quickly attack and score using a **maximum of 3 passes** to do so.

The diagram example was observed during Liverpool's training session. The centre forward (**CF**) lays the ball off to the right central midfielder (**RCM**), who plays a lofted pass over the top and into the box for the left central midfielder (**LCM**) to score.

KLOPP'S MULTI-BALL FINISHING DRILLS

Jürgen Klopp: "We want to attack the opponent non-stop."

LIVERPOOL'S ATTACKING PRESSURE STYLE

During the **2018-2019 and 2019-2020 Premier League seasons** combined (76 matches), Liverpool recorded **62 wins**, 10 draws, with only 4 losses, and scored an incredible **174 goals (2.29 per match)**.

Their "attacking pressure" style is admired around the world, and they are able to create chances and score goals repeatedly against the best teams in world football, best displayed by their miraculous 4-0 comeback win over Barcelona in May 2019, and their recent 7-0 win over Manchester United in March 2023.

The multi-ball finishing drills included in this section are taken directly from observed Liverpool training sessions, and are a **fundamental training element for the attacking intensity** they have displayed in the extremely successful last few seasons.

This relentless effort to attack and recycle the ball to attack again, and again is what has helped them to apply great pressure on their opponents and overwhelm them.

Using these drills gives you the opportunity to **replicate Klopp and Liverpool's all-action high tempo attacking and constant pressure style of play**.

These drills also enable the Liverpool players to practice specific combinations repetitively in various different scenarios in the final third.

This means that they are **fully prepared with solutions for all the different attacking situations** which occur during a match. All the players know what passes and crosses to deliver, and what runs and finishes they can make. They are constantly challenged to score from a variety of different finishes.

NOTE BEST: Every action in these multi-ball drills is planned precisely so the players are never waiting around, which replicates the intensity and speed of a competitive match.

DIAGRAM FORMAT

To best display these multi-ball finishing drills, we have colour-coded each ball on the diagrams and descriptions as follows:

- **Ball 1**
- **Ball 2**
- **Ball 3**
- **Ball 4**
- **Ball 5**
- **Ball 6**
- **Ball 7**
- **Ball 8**

7. 3 Forwards Continuous Finishing from Various Types of Assists (7-Balls)

Balls 1-4 (Finishing)

Practice Description

1st Ball (1). The centre forward (**CF**) takes a touch forward and shoots.

2nd Ball (3-4). The **RW** plays a lofted pass into the box for the left winger (**LW**), who runs around the mannequin.

3rd Ball (2). The **slow pass** from the **LW** is played before the **RW's** lofted pass.

5-8. After the lofted pass, the **RW** plays a give & go with the **CF**, runs around the mannequin to receive the return, and delivers a ground cross for either the **LW** or **CF** to score.

4th Ball (9-10). The Coach on the by-line passes for the **RW** to score with a first time finish.

Source: Jürgen Klopp's Liverpool training session at AXA Training Centre, Liverpool in 2022

Balls 5-7 (Varied Assists)

5th Ball (11-12). The left winger (**LW**) receives, turns into the box, and shoots.

6th Ball (13-14). The centre forward (**CF**) drops back at an angle, and then makes an opposite second movement forward. He moves to meet the next pass into the box and finishes on goal.

7th Ball (15-16). The right winger (**RW**) also drops back at an angle, and then makes an opposite second movement forward. He moves to meet the lofted pass into the box and finishes on goal.

12. Attacking and Defending Corner Kicks + Counter Attacks in an 8v8 (+GKs) Game

Practice Description

- This 8v8 (+GKs) game starts with a corner kick. If the player lifts up 1 arm up, it signals a short corner, 2 arms up signals a near post cross, and 0 arms up signals a deep cross.
- The reds try to score from the corner kick. If the ball is cleared, they try to win the second ball and continue their attack.
- The yellows aim to defend the corner kick, win the ball, and launch a fast counter attack to score in the opposite goal.
- If a goal is not scored in the first phase, the game continues as a normal game.
- If the ball goes out of play at any time, the **practice restarts with a new corner kick**. The Coach makes sure that corner kicks are practiced from both sides.

Training Sessions

“We want to attack the opponent non-stop when we have the ball, when we lose it and when the opposition have it.”

3. Receiving from Different Angles and Finishing + 3v3 Transition

Balls 1-3 (Different Types of Finishing)

Practice Description

For this practice, we have 6 red players, 6 white players, and 6 yellow players + GKs.

1st Ball (1-3). **W1** passes into the centre for **R1**, who receives, turns, and shoots.

2nd Ball (4-7). **W2** passes to **R2** in a wider position and he passes inside to **R1**, who moves and sets the ball for **R2** to shoot.

3rd Ball (8-12). **W3** passes to **R3**, who drops to receive. **R3** plays a give & go with **R2**, who moves all the way across to provide support. **R2** cuts the ball back for one of his teammates to score in the box (**R1** in diagram example).

The 4th ball diagram and description follows on the next page...

4th Ball (3v3 Transition)

4th Ball (13-17). As soon as the 3rd ball phase is complete, **W4** passes a new ball into play for the reds and their objective is to score in the same goal as they did with the previous 3 balls (*free play*).

Y1, Y2, and Y3 all sprint into the area to create a 3v3 situation.

The 3 yellow players press the reds and try to win the ball. If they succeed, they then make a quick transition from defence to attack (to score).

6. Crossing & Finishing with Side Zones + 5v4/5v8 Transition Game

Balls 1-2 (Crossing & Finishing)

Practice Description

1st Ball (1-2). **Y5** passes to **R1**, then **R1** passes out wide to **R5**, who moves forward to receive within the left side zone.

3-4. **R2**, **R3** & **R4** make runs into the box and **R1** moves into position for a possible cut back. In this example, **R1** delivers a cross into the front post area for **R3** to score.

2nd Ball (5-6). After the 1st ball phase is complete, all of the red players drop back into position. **Y5** passes the new ball to **R4**, and then **R4** passes out wide to **R6**, who moves forward to receive within the right side zone.

7-8. The same type of runs are made. In this example, **R6** moves forward with the ball and delivers a cross into the front post area for **R3** to score again.

Source: Jürgen Klopp's Liverpool training session at AXA Training Centre, Liverpool - 16th November 2021

Balls 3-4 (Transition 1 + 2)

3rd Ball (9-10). All 4 outside yellow players (**Y1-4**) enter the pitch and the Coach feeds one of them the ball. They launch a **5v4 attack** against the reds, who must make a **fast transition from attack to defence** by pressing the ball carrier and tracking the runners.

Y4 receives from the Coach and passes forward to **Y5**.

11-13. **Y5** dribbles forward and passes the ball across for **Y1** to shoot and score past the GK.

4th Ball (14). **R8** dribbles the 4th ball into play and the other 3 outside red players (**R5, R6 & R7**) enter too. The reds launch an **8v5 attack** and try to score. The yellows must make a quick transition from attack to defence.

15-17. In this example, **R8** plays a diagonal through pass to **R5**, who then delivers a final pass into the box for **R2** to score.
